RV BUILT-IN SOCKETS

# RV Built-in Gravity Water Inlet

KDAS-Z01

Food Grade

Standard:

◆ Housing and water tank lid

Features:

◆ High performance engineering plastic housing, with good corrosion resistance and food grade.
◆ Dimensions (W x H x D): 115x136x15mm.
◆ Color: white, black.
◆ Installation aperture: ∅ 96mm.
◆ Diameter of interior connection 1-1/2 inch.
◆ 4 x ST4.2*25 countersunk head self tapping screws for front installation, screw aperture 4.5mm.
Sides spacing: 92mm(horizontal), 92mm(vertically), 130mm(diagonal line).
RV Built-in Power Inlet

KDAD-16A

3C/CE certifications

Standard:

◆ Housing and plug

Features:

◆ High performance engineering plastic housing, with good corrosion resistance.

◆ Applicable to 230V/16A.

◆ Dimensions (W x H x D): 115x136x15mm.

◆ Color: white, black.

◆ Installation aperture: ∅ 96mm.

◆ Protection class: IP44.

◆ 4 x ST4.2*25 countersunk head self tapping screws for front installation, screw aperture 4.5mm.

Sides spacing: 92mm (horizontal), 92mm (vertically), 130mm(diagonal line).

RV Built-in Exterior Shower Kit

KDAS-L01

**3C/CE certifications**

Standard:

◆ Housing and quick connector.

◆ Chrome or white color shower head with 1.5 meters hose.

Optional:

◆ Quick connect water tap.

Features:

◆ High performance engineering plastic housing, with good corrosion resistance and food grade.

◆ Dimensions (W x H x D): 115x136x15mm.

◆ Color: white, black.

◆ Installation aperture: ∅ 96mm.

◆ Quick connect shower head with 1.5m hose.

◆ Food grade tap as optional, interchangeable with shower kit.

◆ 4 x ST4.2*25 countersunk head self tapping screws for front installation, screw aperture 4.5mm.
Sides spacing: 92mm (horizontal), 92mm (vertically), 130mm(diagonal line).

RV Built-in Exterior Shower Kit
KDAS-L02

3C/CE certifications

Standard:

- Housing and quick connector.
- Chrome or white color shower head with 1.5 meters hose.

Features:

- High performance engineering plastic housing, with good corrosion resistance and food grade.
- Dimensions (W x H x D): 115x136x15mm.
- Color: white, black.
- Opening size for installation: Rectangle opening 90x105mm.
- Quick connect shower head with 1.5m hose.
- Hot and cold water mixture, pluggable control lever, rotating to adjust the water temperature.
- 4 x ST4.2*25 countersunk head self tapping screws for front installation, screw aperture 4.5mm.
  Sides spacing: 92mm (horizontal), 92mm (vertically), 130mm(diagonal line).

RV Built-in Power Outlet
KDAQ-10A

3C/CE certifications

Standard:

- Housing
- Car cigaratte lighter
- 5 holes with two usb output (on off control) and 1 holes for 12V DC output

Features:

- High performance engineering plastic housing, with good corrosion resistance.
- Applicable to 110V~250V/10A 12V~24V/120W~250W.
- Dimensions (W x H x D): 115x136x15mm.
- Color: white, black.
- Opening size for installation: Rectangle opening 90x105mm.
- Protection class: IP44.
- 4 x ST4.2*25 countersunk head self tapping screws for front installation, screw aperture 4.5mm.
  Sides spacing: 92mm (horizontal), 92mm (vertically), 130mm(diagonal line).
RV Built-in Power Outlet

KDAQ-10B

Standard:

- Housing
- 5 holes with two usb output (on off control)

Features:

- High performance engineering plastic housing, with good corrosion resistance.
- Applicable to 110V~250V/10A.
- Dimensions (W x H x D): 115x136x15mm.
- Color: white, black.
- Opening size for installation: Rectangle opening 90x105mm.
- Protection class: IP44.
- 4 x ST4.2*25 countersunk head self tapping screws for front installation, screw aperture 4.5mm.
  Sides spacing: 92mm (horizontal), 92mm (vertically), 130mm(diagonal line).
RV Gas Outlet

KDAR-Q01

3C/CE certifications

Standard:

◆ Housing

◆ Gas quick connector

Features:

◆ High performance engineering plastic housing, with good corrosion resistance.

◆ Applicable to RV gas outlet.

◆ Dimensions (W x H x D): 115x136x15mm.

◆ Color: white, black.

◆ Opening size for installation: Rectangle opening 90x105mm.

◆ Protection class: IP44.

◆ 4 x ST4.2*25 countersunk head self tapping screws for front installation, screw aperture 4.5mm.

Sides spacing: 92mm (horizontal), 92mm (vertically), 130mm(diagonal line).
RV EV power charging socket

KDAX-M32A

3C/CE certifications

Standard:

◆ Housing and charging connector

Features:

◆ High performance engineering plastic housing, with good corrosion resistance.

◆ Applicable to 230V/32A.

◆ Dimensions (W x H x D): 115x136x15mm.

◆ Color: white, black.

◆ Opening size for installation: Rectangle opening 90x105mm.

◆ Protection class: IP44.

◆ 4 x ST4.2*25 countersunk head self tapping screws for front installation, screw aperture 4.5mm.

Sides spacing: 92mm (horizontal), 92mm (vertically), 130mm(diagonal line).

RV Built-in Power Outlet
KDAQ-16A

3C/CE certifications

Standard:

- Housing
- Car cigaratte lighter
- 2 holes with two usb output and 1 holes for 12V DC output

Features:

- High performance engineering plastic housing, with good corrosion resistance.
- Applicable to 250V/16A, 5V/2100mA.
- Dimensions (W x H x D): 115x136x15mm.
- Color: white, black.
- Opening size for installation: Rectangle opening 90x105mm.
- Protection class: IP44.
- 4 x ST4.2*25 countersunk head self tapping screws for front installation, screw aperture 4.5mm.
  Sides spacing: 92mm (horizontal), 92mm (vertically), 130mm(diagonal line).

RV Built-in Power Outlet
KDAQ-16B

3C/CE certifications

Standard:

◆ Housing

◆ 2 holes with two usb output and 1 holes for 12V DC output

Features:

◆ High performance engineering plastic housing, with good corrosion resistance.

◆ Applicable to 250V/16A, 5V/2100mA.

◆ Dimensions (W x H x D): 115x136x15mm.

◆ Color: white, black.

◆ Opening size for installation: Rectangle opening 90x105mm.

◆ Protection class: IP44.

◆ 4 x ST4.2*25 countersunk head self tapping screws for front installation, screw aperture 4.5mm.

Sides spacing: 92mm (horizontal), 92mm (vertically), 130mm(diagonal line).
RV Built-in City Water Inlet

KDAS-Y01

Food Grade

Standard:

◆ Housing and quick connector

Features:

◆ High performance engineering plastic housing, with good corrosion resistance and food grade.

◆ Dimensions (W x H x D): 115x136x15mm.

◆ Color: white, black.

◆ Installation aperture: ∅ 96mm.

◆ 4 x ST4.2*25 countersunk head self tapping screws for front installation, screw aperture 4.5mm.

Sides spacing: 92mm(horizontal), 92mm(vertically), 130mm(diagonal line).
RV Multi Purpose Inlet

KDAW-01

3C/CE certifications

Standard:

◆ Housing

Features:

◆ High performance engineering plastic housing, with good corrosion resistance.

◆ Dimensions (W x H x D): 115x136x15mm.

◆ Color: white, black.

◆ Opening size for installation: Rectangle opening 90x105mm.

◆ Protection class: IP44.

◆ 4 x ST4.2*25 countersunk head self tapping screws for front installation, screw aperture 4.5mm.

Sides spacing: 92mm (horizontal), 92mm (vertically), 130mm(diagonal line).
